Minutes 04/02/2007

FINAL Minutes of the Symmes Neighborhood Advisory Committee
April 2, 2007,
First Floor Conference Room, Town Hall Annex

Present: Joseph A. Curro, Jr. (Chair), Lisa Lazarczyk, Alfonso Sira
Absent: Greg Jackmauh

The chair called the meeting to order shortly after 7:00 p.m.

Symmes Redevelopment Associates representative Jake Upton provided an update. He indicated that SRA is still tracking a May closing date. They hope to commence demolition and construction two months after that. JPI will be doing construction.

The chair reported little progress on the DTR negotiations and proposed calling the Town Manager. Symmes Neighbor Karen Johnson offered to help provide a list of qualified firms that might be considered if negotiations with Casali are unsuccessful.

The chair also suggested calling the new DPW director, John Bean, to find out about Woodside polling for sidewalks. Mr. Upton provided a gloomy report on the medical office building. He informed the committee of the intention to demolish the nurses building, build a pad and run utilities, but discussed the possibility of nothing going in at this part of the site.

The meeting was adjourned shortly before 8:00 p.m.
